

# LIFE SKILLS CLASSES + VOLUNTEERS + CHURCHES = COMMUNITY

This community movement, Transformational Tuesdays, is made possible by the volunteers serving outside their church walls to reach the lost, the broken, those looking for purpose and hope...in the process, we're all being found.

We are called to *invest relationally* in each other.

## Fall 2021 Classes

Participants: 41\*  
 Clients: 19 Graduates  
 Community Members: 11 Graduates  
 Total: 30 Graduates!

- Shalom Lutheran
- St. John Lutheran - Garfield
- St. John Lutheran - Lowry
- St. Mary's
- Spirit Life
- Zion Lutheran

*"I love to serve as a member of the Emergency Response Team at Lake Community Church for Transformational Tuesdays because of what the participants are striving to do.*

*They take classes on all kinds of subjects because they want to learn and grow. It inspires me when people want to learn and grow. There isn't much that can top that. I want to support them in whatever way I can. They must feel the same way about seeing your classmates learn and grow. They are building community among themselves, building relationships, supporting each other. and encouraging each other. That inspires me.*

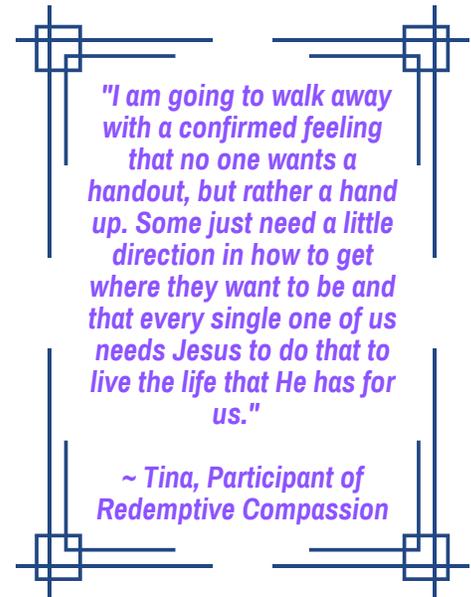

*Those of us behind the scenes don't always get to know all the participants personally but we care about them and what they are doing. In addition to instructors and mentors, there are people who spend many hours, praying, preparing food, setting up, arranging food for the shopping table, cleaning up and dividing up leftovers to take home.*

*My experience has been that we have the greatest energy in life when we set a goal and pursue it and those of us volunteering in the background will cheer them on!*

*~ Edgar, Volunteer Emergency Response Team*

## WHAT PEOPLE ARE SAYING...

*"I am going to walk away with a confirmed feeling that no one wants a handout, but rather a hand up. Some just need a little direction in how to get where they want to be and that every single one of us needs Jesus to do that to live the life that He has for us."*

*~ Tina, Participant of Redemptive Compassion*

*"I am walking away with a refresher in goal setting and the use of Smart Goals to help me achieve my dreams in life to leave a lasting impact on those that I touch in my life."*

*~ Roger, Participant of Affirming Potential*
